

# The ultimate tablets for the field. And the ultimate way to charge them.

## Charge Galaxy Tab Active and Active2 Tablets with the Portsmouth Multi-Slot Dock

Presenting the ultimate ruggedized solution. The Galaxy Tab Active is protected by an anti-shock, waterproof and dustproof case, while the Galaxy Tab Active2 is MIL-STD 810G and IP68 certified to withstand drops, shocks and outdoor environments, rain or shine. And the durable Portsmouth multi-slot dock is the ideal way to charge them both. Featuring five molded slots and pogo pins, you can quickly insert or remove any combination of Galaxy Tab Active and Active2 tablets. It's an ideal solution for fast-moving industries like transportation, manufacturing, field service and public safety. Multiple bays cut down on the number of power outlets needed, while protection circuits ensure safe charging at maximum speed. With the Samsung Galaxy Tab Active, Active2 and the Portsmouth multi-slot charging dock, you'll do business better, faster and more conveniently.

### Portsmouth Multi-Slot Charging Dock

- Charge Five Galaxy Tab Active2 or Tab Active Tablets at Once
- Easy and Secure Connection
- Durable and Long-Lasting
- Cabinet or Desktop Use
- Fast Charging with Regulated Power
- Confirmation at a Glance
- Multiple Certifications Ensure Safe Operation

### Send your team into the field with Galaxy Tab Active and Active2 tablets.

#### Galaxy Tab Active

##### Shock-Resistant and IP67-Certified

The ruggedized, anti-shock, water-resistant and dustproof case combined with IP67 certification<sup>1</sup> make the Galaxy Tab Active ideal for rugged environments.

##### C-Pen Stylus

The Galaxy Tab Active features a C-Pen to let you easily take notes in the field or capture signatures.

##### Long-Lasting, Replaceable Battery

The battery lasts up to 10 hours<sup>2</sup> and can be easily swapped with a backup.

##### Secure and Customizable with Samsung Knox

Samsung's defense-grade security protects sensitive data from the moment the device is powered on. With Knox Configure,<sup>3</sup> devices and apps can be customized exactly how your business needs them.

#### Galaxy Tab Active2

##### MIL-STD-810G and IP68-Certified

The Galaxy Tab Active2 has passed military specification MIL-STD-810G<sup>4</sup>, meaning it's been subjected to tests for drops, shocks, vibration, rain, dust, sand, altitude, freeze/thaw, temperature range, temperature shock and humidity. It's also IP68-certified against water and dust<sup>5</sup>.

##### Enhanced Touch

Wet Touch mode is ideal for inclement weather, while Glove mode is perfect for cold weather or clinical environments.

##### IP68-Certified S Pen

The Galaxy Tab Active2 features an S Pen that allows you to write even in the pouring rain, or while wearing gloves.

##### Long-Lasting, Replaceable Battery

The battery lasts up to 11 hours<sup>2</sup> and can be easily swapped with a backup.

##### Biometric Authentication

The fingerprint scanner offers enhanced security authentication, while facial recognition lets users unlock the device even while wearing gloves.

##### Secure and Customizable with Samsung Knox

Like the Galaxy Tab Active, the Galaxy Tab Active2 is protected by Samsung Knox, and offers the same custom configuration advantages.<sup>3</sup>

### Charge your tablets quickly and easily with the Portsmouth multi-slot charging dock.

#### Charge Five Galaxy Tab Active or Active2 Tablets at Once

Charge up to five Galaxy Tab Active or Active 2 tablets in any combination, from a single power supply. Your charging stations will be neat and organized.

#### Easy and Secure Connection

Five molded slots and integrated pogo pins mean Galaxy Tab Active and Active2 tablets align perfectly with charging pins. It's simple to quickly insert and remove your tablets with one hand.

#### Durable and Long-Lasting

With strong ABS plastic construction, the Portsmouth charging dock is every bit as durable as the ruggedized Galaxy Tab Active and Active2.

#### Cabinet or Desktop Use

Place your Portsmouth charging docks on a desktop, or secure them in a locking cabinet. They're safe to use in an enclosed space and will not overheat.

#### Fast Charging with Regulated Power

The Portsmouth charging dock is designed to charge the Galaxy Tab Active and Active2 at maximum speed. Each slot remains powered off until a Galaxy Tab Active or Active2 is inserted, and if a fault is ever sensed, a protection circuit shuts the slot down.

#### Confirmation at a Glance

LED indicator lights show charging status or a slot fault at a glance.

#### Multiple Certifications Ensure Safe Operation

The Portsmouth Galaxy Tab Active and Active2 charging dock meets FCC 15-B Class B and CE Mark certification, for safe operation in the U.S., Canada, Europe, Australia and New Zealand.
